- Development on CMS Hub or WordPress CMS
- HubSpot CMS memberships
- Custom Javascript
- HubDB capabilities
- API development
- Web-based integrations
- Geolocation capabilities
- Smart content and site personalization
- Payment workflows (HubSpot and DepositFix specifically)
- WordPress design and development

# Timeline

## Web Lifecycle Process

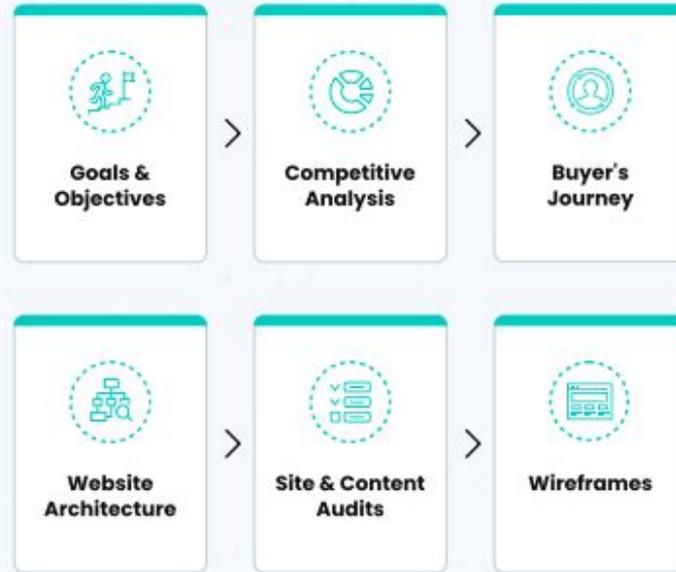

# Our Process

We begin with discovery to ensure we take the time to get to know you as a client. That way, we can give your visitors more than just a place to land and give your teams a site that supports your sales and marketing processes.

# Our Strategy & Discovery Process (8 Weeks)

# Competitor Analysis

We want you to have a competitive edge over others. Our competitive analysis will inform your strengths and weaknesses in different areas, helping us determine how to enhance your website and business strategy.

## PLM Competitor Analysis At a Glance

# Competitor Analysis

## Main goals:

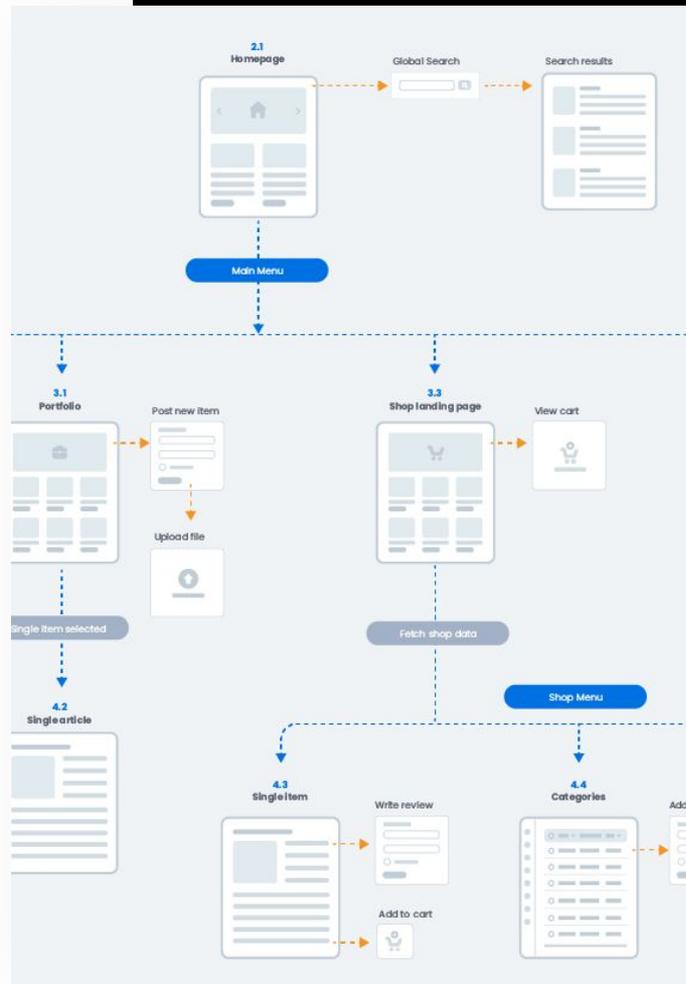

- Make sure you are keeping up with competition
- Look for areas of differentiation to stand out from the pack
- Gain an edge over competition through design, functionality, or messaging

- ✓ **Tagline**
- ✓ **Market Position / Differentiators**
- ✓ **Marketing Tactics Used**
- ✓ **Social Media Following**
- ✓ **Premium Content Offers**
- ✓ **Blog/Ungated Content**
- ✓ **Domain Authority**
- ✓ **Additional Observations**

# Website Architecture

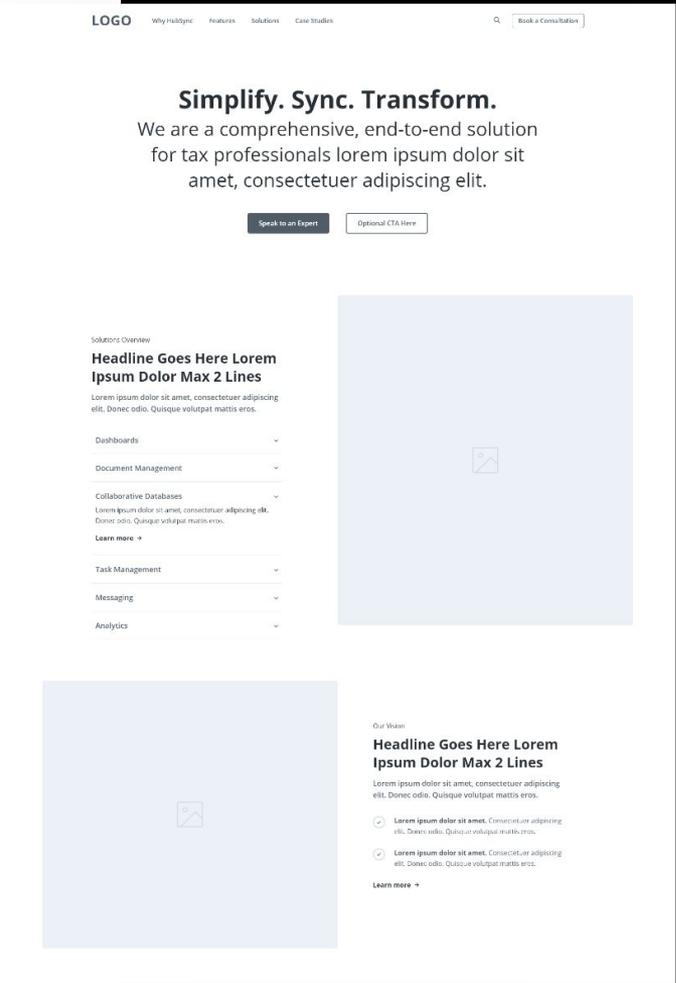

Your website architecture is a high-level strategic outline of your new website. This strategy will outline your navigation structure, internal linking strategy, and be the basis for establishing ideal user flow through the new website.

# Wireframes

Wireframes are how our designers define and plan your webpages' structure, content, and functionality. Our team works in-lock step with yours to create a user-friendly outline of different pages that will inform your overall website strategy.

# Copy

Our team works hand-in-hand with yours through SME interviews, SEO and keyword development, writing, and editing to develop your voice and tone, creating your website's content that tells your story, educates your visitors, and delights your customers.

## What We Offer

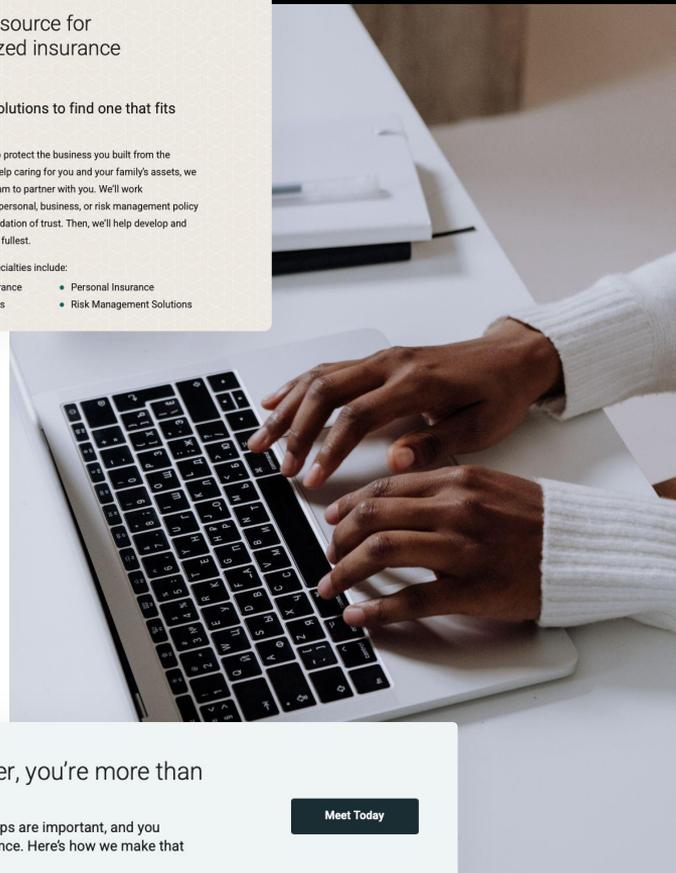

### Your true source for personalized insurance programs

Explore our solutions to find one that fits your needs.

Whether you need to protect the business you built from the ground up or need help caring for you and your family's assets, we have a dedicated team to partner with you. We'll work collaboratively on a personal, business, or risk management policy that's built on a foundation of trust. Then, we'll help develop and execute a plan to its fullest.

Examples of our specialties include:

- Commercial Insurance
- Personal Insurance
- Employee Benefits
- Risk Management Solutions

At Dean & Draper, you're more than just a quote.

To us, personal relationships are important, and you deserve insurance excellence. Here's how we make that happen.

# How We're Different

Most agencies can make a website look better, but we look deeper. By focusing on marketing strategy and performance, we build websites with more than just great design in mind. Through in-depth collaboration from the beginning, you'll receive a CRM-powered, lead-generating website that offers responsiveness, security, marketing options, integrations, and **endless opportunities for growth.**

# Expertise

Our team is comprised of certified, highly-technical strategists, designers, and developers who solve your toughest HubSpot challenges.

**Over a Decade of  
HubSpot  
Partnership**

**ELITE HubSpot  
Partner**

**Hundreds of  
HubSpot  
Certifications**

**Experienced  
Developers and  
Designers**

**Expert knowledge  
in HubDB, APIs,  
and JavaScript**

# Account and Project Management Approach

## Collaboration and transparency

We believe a tight collaboration with our clients yields the most effective results. We collaborate on roadmaps, estimates, work in progress, and status check-ins.

## We share work in progress

This only works if you're comfortable seeing incomplete work in progress. Polished deliverables require a lot of time and costs. Wouldn't you prefer to provide input along the way rather than scrap or re-do the work after it's done?

## Increased velocity, minimized waste

Cloud technology and digital marketing moves fast — really fast. We've realized major efficiency gains and a lift in client satisfaction by organizing our teams effectively, planning our work into sprints, iterating our work, and checking in frequently for feedback.

## We work on a Points model

Your project budget will be managed using Points, a system that allows us to provide increased transparency and a more collaborative method of prioritizing work so that you can maximize your return on investment given the budget available for the project.

# Don't Need a Retainer or Full Project?

Take a look at our implementation packages, where our team can help with different web aspects, from theme setup, content entry, image sourcing, training, and more.

	Build	Grow	Accelerate

# Success Stories

Don't just take it from us. Take a look at some of our client success stories.

# ROKU

## The Client:

Roku's advertising department builds relationships with companies to sponsor content on their devices – giving companies a broad reach across a vast and engaged demographic.

## The Challenge:

They didn't have a web presence to market this arm of the business before reaching out to us.

## The Results:

# 50%

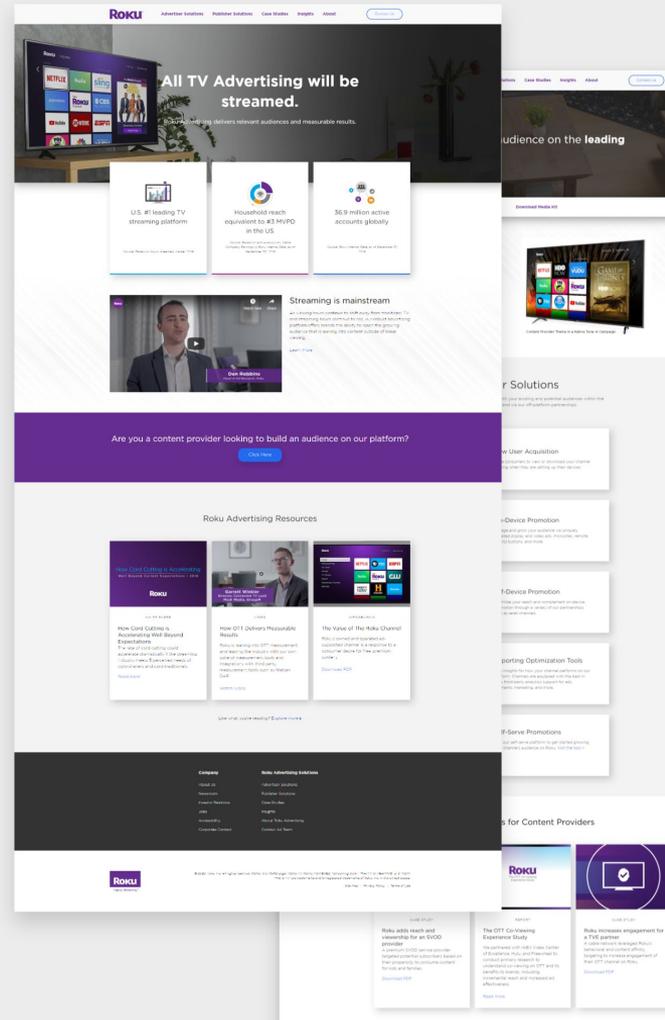

Total Traffic After Launch Was Organic Search

## The Solution:

We created a microsite to showcase Roku advertising to address common questions advertisers had when engaging with them for placements.

# 12%

Average Conversion Rate

### The Client:

Habitat for Humanity East Bay/Silicon Valley (EBSV) is a regional offshoot of the national nonprofit that partners with communities to build or repair homes for those in need.

### The Challenge:

They came to us seeking help creating an updated look and better user experience.

### The Solution:

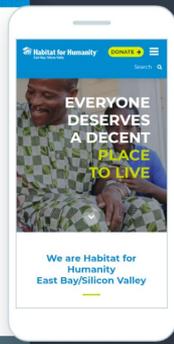

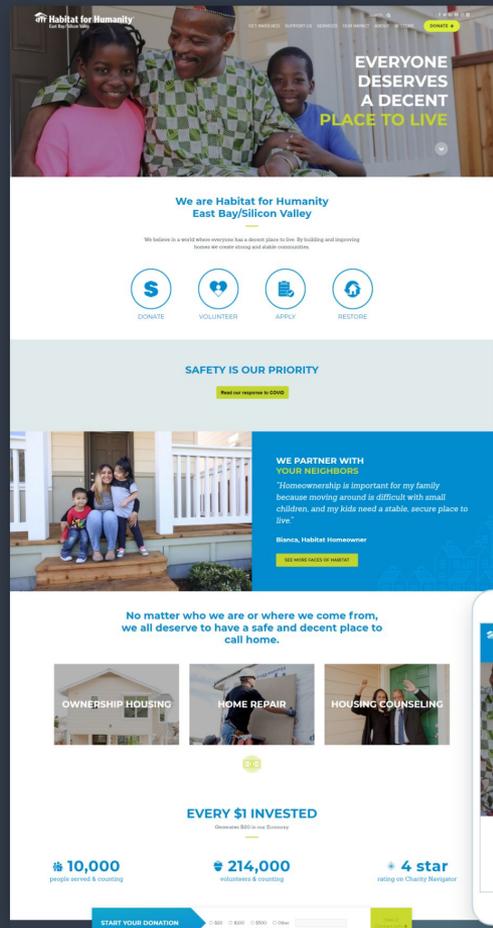

After collaborating, we created a modern, responsive website based on the inbound marketing methodology that was awe-inspiring in look, messaging, and function.

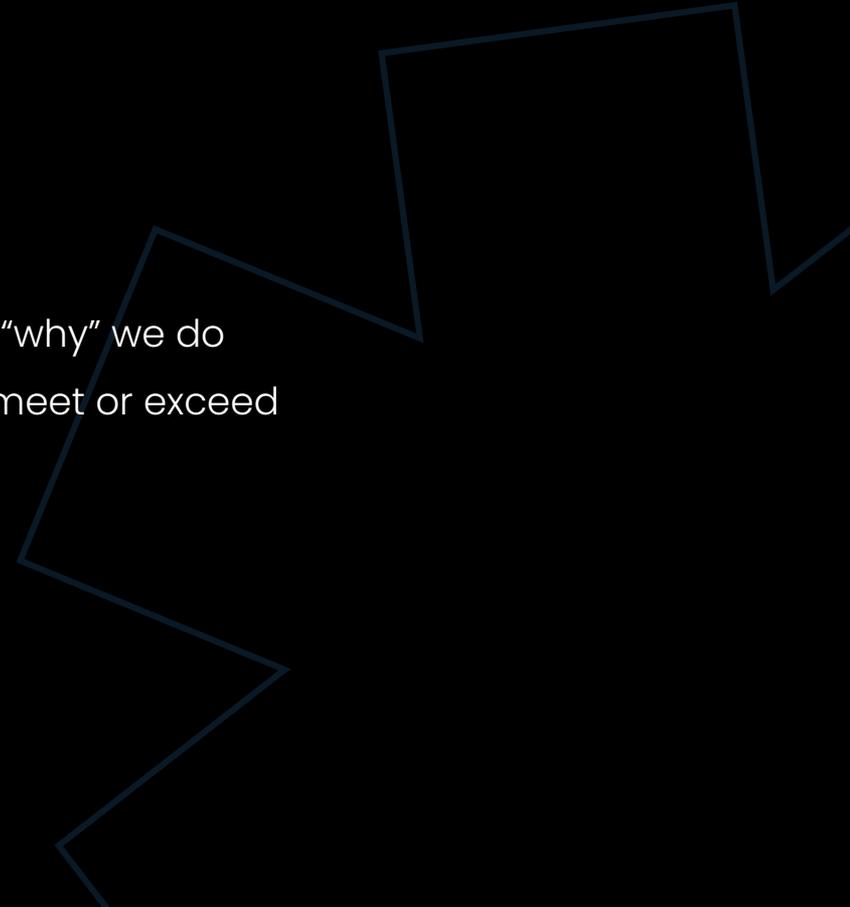

### The Results:

**27%**  
Increase in Organic Traffic

**12%**  
Increase in Overall Active Users

**4%**  
Increase in Sessions

**They make an effort to understand** “how” and “why” we do business to design solutions for our needs that meet or exceed our expectations.”

**Greg Sitek**, The Dawson Academy

# Next Steps

- ✓ Approve the contract
- ✓ Choose your stakeholders - who should be on every call
- ✓ We'll set up the first discovery call
